

Wisdom Hard Hat Lamp Holder

Description

Hard Hat 3M Adhesive No-Drill Clip for Cap Lamps

The **Wisdom Hard Hat Lamp Holder** is the perfect solution for users needing a [hard hat lamp](#) attachment without modifying or damaging their helmets. Designed for **industrial safety**, mining, tunneling, and emergency services, this clip makes it easy to mount your headlamp using **3M adhesive** – no drilling required.

This **hard hat light attachment** is compatible with various **cordless cap lamps**, including the [Wisdom 3A](#), [Wisdom 4A](#), and [Wisdom 6A](#) cordless lamps, offering a stable and durable bracket to keep your light firmly in place even during rugged use.

Features:

- **No-drill installation** – save your helmet from damage
- **3M adhesive backing** – reliable and easy to apply
- Fits most **safety helmets** and **hard hat headlamp clips**
- Lightweight, low-profile design for comfort
- Ideal for **cap lamp brackets**, **hard hat clips**, and **headlamp holders**
-

A great fit for anyone using a **safety hat with light**

Pair this bracket with a Wisdom Cordless Lamp Clip or any Wisdom cordless lamp to complete your headlamp setup, or read our guide [How to Choose the Best Cap Lamp for Hard Hats: Mining & Industrial Use](#) to ensure full compatibility and performance in the field.
